Zhejiang Popu Electric Co., Ltd

Operated under renowned brand **Popuelek**, Zhejiang Popu Electric Co., Ltd has become a trusted name in British Standard switches and sockets manufacturing in China, known for delivering premium products. With innovation, quality, and efficiency at the core of our operations, we strive to be the leading provider of British Standard wiring devices for residential, commercial, and industrial sectors.

Our Mission

Our mission is to empower engineers, installers, and customers with cutting-edge and reliable wiring devices. By consistently exceeding customer expectations and driving innovation across our business, we strive to become the most trusted and preferred global brand in the OEM/ODM services of British Standard wiring accessories.

Our History

Since early 2014, we have started investment in research, development and manufacturing of British Standard switches and sockets. Over the years, we have gained extensive experiences in the area of product innovation, production control and quality management. Thanks to our comprehensive product offerings and high operation efficiency, many renowned customers have been attracted to us. Now we have grown into a full line British Standard wiring accessories manufacturer in the industry, with more than 120 employees and a 12,000 square meter workshop in Wenzhou, Zhejiang province.

Why Choose Popuelek Products?

Advanced manufacturing capabilities

As the old Chinese saying goes, “If a worker wants to do his job well, he must first sharpen his tools.” Advanced manufacturing machines and equipment have been one of the key drivers of our success. We are fully equipped with hundreds of full process manufacturing equipment, including injection machines, stamping machines, riveting machines, laser engraving machines, and automatic assembly lines. All these are in our brand-new, 12,000 square meter manufacturing center located in Wenzhou, Zhejiang Province, you are more than welcome to visit us.

Broad selection of product categories

We are more than just a factory, we are a one stop solution provider for your British Standard switches and sockets needs. Since the inception of the company, we have invested tremendously in the research and development of framed series, frameless series, bakelite switches and sockets etc. We have successfully launched dozens of product lines in these areas.

Premium product quality

Quality is at the core of our operations. Since the early beginning, we have incorporated Lean six sigma methodology in all aspects of the manufacturing processes to ensure the highest quality level. Our products strictly conform to BSEN, CE, CB, IEC and RoHS requirements, ensuring compliance with the highest safety and performance requirements. Our customers will be totally Hassel free to work with us.

Highest possible operation efficiency

We are fully committed to constantly driving the efficiency of our operations and supply chain to new levels. In our years of operations in the manufacturing of British Standard wiring accessories, we have gained extensive experience in improving operation efficiency. We are committed to offering our clients the best affordable switch and socket solutions.
